Custom-Bilt Metals (hereinafter "CBM") hereby issues the following Limited 20 Year Severe Marine Extended Residential Coating Warranty ("Severe Marine Extended Limited Warranty") exclusively to the original Owner named in the Warranty Registration Form (hereinafter "Owner") subject to the terms and conditions listed below.

For a period of 20 years, and as long as Owner owns the single family residence described in the Warranty Registration Form, CBM warrants that the paint on its coated steel or aluminum panels, flashing, flat stock and coil ("Material") will not:

- (a) Peel, check, chip or crack. These terms shall not mean alterations to the paint as a result of exposed raw edges, embossing, end cutting, cut edge exposure or such crazing or slight cracking as may occur on tightly roll-formed edges or brake bends at the time of forming pre-painted sheet.
- (b) Fade or change color in excess of five (5) units of color difference (Hunter  $\Delta E$ ) calculated in accordance with ASTM D2244-02, paragraph 6.2.2 CIEL\*a\*b\*, 10° Observer, specular included. Color Change is measured on an exposed painted surface that has been cleaned of surface soils and chalk and then compared to corresponding values measured on the original or unexposed coated surface. Fading and color changes may not be uniform, depending on sun and atmospheric exposure and CBM does not warrant that color changes will be uniform.
- (c) Chalk or oxidize in excess of a numerical rating of eight (8) when properly maintained as described herein as measured in accordance with the standard procedures specified in ASTM D4214-98.
