

Manufacturer's Statement: Energy Star Certification for Consumer Tax Credit

Your Custom-Bilt Metals Cool Roof qualifies for tax credits under the 2014 Tax Credit for Consumer Energy Efficiency. This roofing product from Custom-Bilt Metals has the appropriate pigmented coatings that are specifically and primarily designed to reduce the heat gain of a dwelling unit when installed on the dwelling unit; and meets or exceeds the initial and aged solar reflectance requirements of the Energy Star and Cool Roof Rating Council program for steep slope roofs in effect at the time of installation. Following is a list of the colors rated by the Cool Roof Rating Council and Energy Star certified:

Energy Star ID	Cool Roof Rating ID	Color
2062212	0932-0001	Burgundy
2062230	0932-0021	Black
